Twass nearly the end of Jan,

And all through the land,

People were gathering at Dan's in the queue,

Blokes and sheilas in their thongs and singlets blue.

Gotta go to the shops,

To get those lamb chops.

The blow up havanas were on the list,

Sunscreen, hats etc., you get the gist.

All sorts of decorations and clothing to be bought,

A common theme of flag in nature was sought.

What was the occasion my friend?

Not just any long weekend,

But a grand day to celebrate

Being an Australian, mate!
